Index by Category

General

Activity Based Costing: Grease Manufacturing, Dell'Oro, T., March 1994 (12)

How EPA Uses Scientific Information in Regulatory Decision-Making, Ehrlich, A.M., May 1993 (2)

The Influence of Grease Composition on Film Thickness in EHD Contacts, Williamson, B.P., Kendall, D.R., and Cann, P.M., November 1993 (8)

Molybdenum Disulfide in Grease, Oil Dispersions, and Solid Films (A Review), Sebenik, R.F., June 1993 (3)

Multi-Purpose Greases, A New Dimension, Focke, R.H., January 1994 (10)

Recent Activities in ASTM Subcommittee D02.G on Lubricating Grease, Scott, A.R., December 1993 (9)

A Study on Anti-wear and Anti-friction Performance of Lithium-Calcium Base Greases, Chengqiu, L., Huafeng, S., Piye J., and Ronghua, J., May 1993 (2)

Marketing

Current Developments in the Central and Eastern European Lubricants Markets, Kramer, W., July 1993 (4)

Multi-Purpose Greases, A New Dimension, Focke, R.H., January 1994 (10)

Product Development

A Biodegradable Vegetable Polyurea Grease, Hissa, R., August 1993 (5)

Fire Resistant, Low Temperature Grease Technology, Placek D.G., October 1993 (7)

Greases for Steel Mill Lubrication, Rush, R.E., September 1993 (6)

Impact of Base Oil Changes on Grease Performance, Beret, S., August 1993 (5)

Investigation of the Ultrafiltration Technique Using Military Greases, Rhee, I.S., March 1994 (12)

Lubricant Selection Process for a Downhole Tool, Latos, G.D., March 1994 (12)

Recent Developments in Diurea Greases, Endo, T., April 1993 (1)

A Study on Non-oil Diffusive Greases, Takahashi, I., and Kume, M., June 1993 (3)

Wheel/Rail Lubrication Field Experiences, Winterburn, G.A., November 1993 (8)

Additives

Additives for Biodegradable Lubricants, Korff, J., and Fessenbecker, A., June 1993 (3)

Barium Sulfonates in Lubricant Applications, with a Regulatory Overview, Baker, R.F., February 1994 (11)

Bismuth - A New Metallic but Non-Toxic Replacement for Lead as EP-Additive in Greases, Rohr, O., May 1993 (2)

A Comparison of Rust Inhibitors in ASTM D 1743 and IP 220 Tests, Baker, R.F., December 1993 (9)

Heavy Metal-Free Additives for Lubricating Grease, Whitehead, R., and Röhrs, I., November 1993 (8)

Molybdenum Disulfide in Grease, Oil Dispersions, and Solid Films (A Review), Sebenik, R.F., June 1993 (3)

Solid Lubricant Interaction, Lubricating Properties of Molybdenum Disulfide and PTFE in Three Common Grease Types, Landry, D.K., and Risdon, T.J., April 1993 (1)

Bearings

Frictional Characteristics of Greased Rolling Contact Bearings, Washo, M., February 1994 (11)

Manufacture/Lubricating Grease

Manufacturing Polyurea Greases in the STRATCO Contactor, Kranz, K., and Scott, W.P., August 1993 (5)

Testing/Lubricating Grease

A Comparison of Rust Inhibitors in ASTM D 1743 and IP 220 Tests, Baker, R.F., December 1993 (9)

Elemental Analysis of Greases, Robison, P., Sieber, J.R., Williams, M.C., and Salmon, S., July 1993 (4)

Greases for Steel Mill Lubrication, Rush, R.E., September 1993 (6)

How Smooth is Smooth? (Study of Penetrometer Cone), Turner, D.A., July 1993 (4)

Impact of Base Oil Changes on Grease Performance, Beret, S., August 1993 (5)

The Influence of Grease Composition on Film Thickness in EHD Contacts, Williamson, B.P., Kendall, D.R., and Cann, P.M., November 1993 (8)

Lubricant Selection Process for a Downhole Tool, Latos, G.D., March 1994 (12)

Recent Activities in ASTM Subcommittee D02.G on Lubricating Grease, Scott, A.R., December 1993 (9)

Recent Developments in Diurea Greases, Endo, T., April 1993 (1)

Environmental Issues

Additives for Biodegradable Lubricants, Korff, J., and Fessenbecker, A., June 1993 (3)

Barium Sulfonates in Lubricant Applications, with a Regulatory Overview, Baker, R.F., February 1994 (11)

A Biodegradable Vegetable Polyurea Grease, Hissa, R., August 1993 (5)

Bismuth - A New Metallic but Non-Toxic Replacement for Lead as EP-Additive in Greases, Rohr, O., May 1993 (2)

Environmentally Acceptable Specialty Lubricants, An Interpretation of the Environmental Regulations of the North Sea (World), Stringfellow, W.D., Jacobs, N.L., and Hendriks R.V., December 1993 (9)

Environmentally Harmless Lubricants, Mang, T., September 1993 (6)

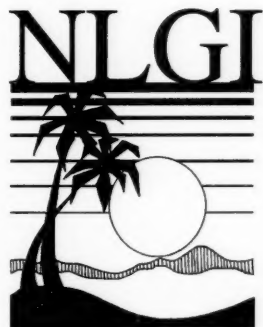

Heavy Metal-Free Additives for Lubricating Grease, Whitehead, R., and Röhrs, I., November 1993 (8)

How EPA Uses Scientific Information in Regulatory Decision-Making, Ehrlich, A.M., May 1993 (2)

Transportation

Technology and Lubricants of the 1994 Domestic Automobiles, Fennema, R., January 1994 (10)

Wheel/Rail Lubrication Field Experiences, Winterburn, G.A., November 1993 (8)

Make Your Plans Now To Attend NLGI's Sixty-first Annual Meeting

Sunday, October 23

Golf Tournament
Tennis Tournament
Welcoming Reception

Monday, October 24

Fun Run
Opening Session
Keynote Speaker
Business Meeting
Afternoon Sessions
Guest Activities

Tuesday, October 25

Morning Sessions
Afternoon Sessions
Guest Activities
Recognition Banquet

Wednesday, October 26

Morning Sessions
Committee Meetings
Noon Adjournment

Monday noon to Wednesday noon
Grease Education Course

**Marriott's Rancho Las Palmas Resort
Rancho Mirage (Palm Springs) California**

Reservation cards will be available in June for the hotel
